i3TOUCH

*Touchscreens for business & education*

i3-TECHNOLOGIES

## Create collaborative workspaces

### In the classroom

It is a challenge to capture students' attention and keep them focussed during lessons. An interactive touch display helps make lessons more dynamic and to personally engage students in learning activities.

### In the meeting room

It is not always easy to keep all participants engaged in meetings. An interactive touch display allows you to involve multiple users who can contribute with views and ideas in real-time.

## Features overview

### i3TOUCH EXCELLENCE

### i3TOUCH PREMIUM

#### Plug & Play

OPS integration possible to walk up and use immediately.

#### Sizes

A wide range of sizes providing the correct size for any room.

55", 65", 70"  
75", 86"

55", 65",  
75", 85"

#### Android on board
