

Tip & Touch stand

062.7650-95 Tip & Touch stand on wheels (electrical tip function) (H660/1320mm) max. 75 inch, 95 kg

This product has specifically been developed for touch screens which would be used in the table position; we call it the Tip & Touch stand. This wheeled stand has electrical height adjustment from 665-1325 mm (table height). Standard equipped for a 75 inch, a flat panel of maximum 1000mm high can be mounted on the stand (larger is possible, but we would need program a limitation on the lowest position in the lift software).

A cable runthrough is integrated in the base to run the cables to the floor. Please note: Check if your display/flat screen is suitable for horizontal use.

Tip & Touch stand
